

Customers Can Now Buy 3 Tires and Get the 4th for \$1 at a Manhattan Beach Dealership

Car owners in the Manhattan Beach, California area can now enjoy the Tire Savings Event at Manhattan Beach Toyota.

MANHATTAN BEACH, Calif. ([PRWEB](#)) October 12, 2022 -- Tires are essential in a vehicle's handling and performance, impacting fuel efficiency and safety. Drivers are often recommended to inspect their vehicle's tires at regular intervals. Toyota owners looking to replace their vehicle's tires in the Manhattan Beach area can take advantage of the Tire Savings Event at Manhattan Beach Toyota until Oct. 31, 2022.

A replacement is needed if the customer faces the following indicators: current tread level being at the wear indicators; cuts, tears, bubbles, cracking or uneven treadwear; the age of the tires or poor ride quality. Drivers can get a great deal on tires at the Manhattan Beach Toyota Service Center. They can buy three tires at a regular price and get the fourth tire for \$1. This price excludes the cost of mounting and balancing tires, sales tax, shop supplies, tire disposal and other applicable taxes.

Apart from this deal, the Manhattan Beach Toyota dealership also offers the Toyota Tire Price Match Guarantee Scheme. As part of this scheme, if customers find a better tire price, this Manhattan Beach dealership will match it. Drivers need to bring in a printed quote from a local competitor within 30 days so that the dealership can verify the price and refund the difference.

For more information about the Tire Savings Event, customers are requested to visit the dealership's website at www.manhattanbeachtoyota.com. Customers can also choose to drive by the dealership located at 1500 N. Sepulveda Blvd. in Manhattan Beach, California, or call 855-995-7001 if they want to service their Toyota.
