*After 12+ years as a paralegal, Lauren N. Weber decided it was time to go to law school. She knew she wanted to open her own firm in the community where she grew up.*

NEW PORT RICHEY, Fla. ([PRWEB](#)) October 10, 2022 -- Attorney Lauren N. Weber is pleased to announce the opening of [Weber Law Firm](#), a car accident and [personal injury firm](#) in New Port Richey, Florida. Attorney Weber knew before she attended law school she wanted to open a firm in the community where she was raised. Lauren Nichole Weber grew up in Pasco County, Florida, and graduated from [River Ridge High School](#). Working in her community, helping others, and being able to give back to her community are what drives her.

Prior to going to law school Attorney Weber worked as a paralegal for local injury firms. When she was in high school, she started working in the legal field as an assistant and receptionist. Her grandmother who is now retired and a writer was also a paralegal. As a little girl, Lauren would accompany her grandmother to the law office where she worked. At that time, going to the office and being able to pick candy out of the candy jar is what excited Attorney Weber. But as she grew older and began to work in the office herself, she became fascinated as she read through old files and deposition transcripts. Watching the attorneys and staff help accident victims who suffered horrible losses lit a fire under Attorney Weber.

After law school and passing the bar exam, Attorney Weber worked for a local personal injury firm where she recovered over \$1 million dollars for accident victims in less than a year. She represented accident victims injured in car accidents, ATV accidents, slip & fall accidents, and trucking accidents. If you ask Attorney Weber what she does, her response is simple, "We help people who have been injured in an accident." Being able to help others in need is the "why" behind the opening of Weber Law Firm. Weber Law Firm helps people after they have been injured in an accident. We make it so their focus can be on their recovery and not the insurance companies.
