

Hall Volkswagen Adds the 2023 Volkswagen Atlas to Its Inventory

The Brookfield-area customers can now purchase the 2023 Volkswagen Atlas at the Hall Volkswagen dealership.

BROOKFIELD, Wis. ([PRWEB](#)) August 26, 2022 -- Hall Volkswagen is excited to announce the addition of the 2023 Volkswagen Atlas to its inventory. This all-new SUV is the perfect vehicle for families and anyone who needs a little extra space. With its spacious interior and state-of-the-art features, the Atlas is sure to make every journey more enjoyable.

The Atlas is powered by a 3.6L V6 engine that produces 276 hp of horsepower and 266 lb.-ft. of torque rating. It comes standard with an 8-speed automatic transmission and front-wheel drive, but all-wheel drive is available as an option. The Atlas has a spacious interior with plenty of room for cargo, and its comfortable seats make it a great choice for long trips.

Safety is a top priority for Volkswagen, and the Atlas comes standard with several advanced safety features. These include Adaptive Cruise Control, Rear View Camera System, Automatic Post-Collision Braking System, Blind Spot Monitoring, Lane Keeping Assist, and more. Front and rear crumple zones in the 2023 Volkswagen Atlas help to protect passengers in the event of a crash by absorbing and dissipating impact energy. The rigid safety cage around the passenger compartment helps to keep occupants safe, while side-impact airbags help to protect them in the event of a collision.

Interested customers can get more insight into the 2023 Volkswagen Atlas available at the Hall Volkswagen dealership by visiting the dealership's website: <https://www.hallvw.com/>. Buyers who would like to speak with someone from the dealership can do so by calling 262-435-5513. For a more personal experience, potential customers can visit Hall Volkswagen at 19809 West Bluemound Road, Brookfield, WI 53045.
