~~[Docket No. NHTSA-2011-0001]~~

~~Reports, Forms, and Recordkeeping Requirements~~

~~AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (NHTSA).~~

~~ACTION: Request for extension of a currently approved collection of information.~~

~~SUMMARY: This document solicits public comments on continuation of the requirements for the collection of information entitled "Consolidated Child Restraint System Registration, Labeling and Defect Notifications" (OMB Control Number: 2127-0576).~~

~~Before a Federal agency can collect certain information from the public, it~~

must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and reinstatement of previously approved collections.

~~DATES: You should submit your comments early enough to ensure that Docket Management receives them no later than May 2, 2011.~~

~~ADDRESSES: You may submit comments (identified by the DOT Docket ID Number above) by any of the following methods:~~

~~• Federal eRulemaking Portal: Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.~~

~~• Mail: Docket Management Facility: U.S. Department of Transportation, 1200 New Jersey Avenue, SE., West Building Ground Floor, Room W12-140, Washington, DC 20590-0001.~~

~~• Hand Delivery or Courier: West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590-0001 between 9 a.m. and 5 p.m. ET, Monday through Friday, except Federal holidays.~~

~~• Fax: 202-493-2251.~~

~~Regardless of how you submit your comments, you should mention the docket number of this document. You may call the Docket at (202) 366-9324. Please identify the proposed collection of information for which a comment is provided, by referencing its OMB clearance number. It is requested, but not required, that two copies of the comment be provided.~~

~~Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78).~~

~~Docket: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov> or the street address listed above. Follow the online instructions for accessing the dockets.~~

~~FOR FURTHER INFORMATION CONTACT: Complete copies of each request for collection of information may be obtained at no charge from Cristina Echemendia, US. Department of~~

Transportation, NHTSA, 1200 New Jersey Avenue, SE., West Building Room W43-447, NVS-113, Washington, DC 20590. Mrs. Cristina Echemendia's telephone number is (202) 366-6345 and fax number is (202) 366-7002. Please identify the relevant collection of information by referring to its OMB Control Number.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following:

(i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) How to enhance the quality, utility, and clarity of the information to be collected;

(iv) How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses.

In compliance with these requirements, NHTSA asks for public comments on the following proposed collection of information:

Title: "Consolidated Child Restraint System Registration, Labeling and Defect Notifications."

OMB Control Number: 2127-0576.

Requested Expiration Date of Approval: Three years from the approval date.

Type of Request: Extension of a currently approved collection.

Affected Public: Business, Individuals and Households.

Summary of the Collection of Information: Child restraint manufacturers are required to provide an owner's registration card for purchasers of child safety seats in accordance with title 49 of the Code of Federal Regulation (CFR), part 571-section 213, "Child Restraint Systems." The registration card is perforated into two-parts (see Figures 1 and 2). The top part contains a message and suitable instructions to be retained by the purchaser. The bottom part is to be returned to the manufacturer by the purchaser. The bottom part includes prepaid return postage, the pre-printed name/address of the manufacturer, the pre-printed model and date of manufacture, and spaces for the purchaser to fill in his/her name and address. Optionally, child restraint manufacturers are permitted to add to the registration form: (a) Specified statements informing CRS owners that they may register online; (b) the Internet address for registering with the company; (c) revisions to statements reflecting use of the Internet to register; and (d) a space for the consumer's e-mail address. For those CRS owners with access to the Internet, online registration may be a preferred method of registering a CRS.

In addition to the registration card supplied by the manufacturer, NHTSA has implemented a CRS registration system to assist those individuals who have either lost the registration card that came with the CRS or purchased a previously owned CRS. Upon the owner's request, NHTSA provides a substitute registration form that can be obtained either by mail or from the Internet¹ (see Figure 3). When the completed registration is returned to the agency, it is then submitted to the CRS manufacturers. In the absence of a substitute registration system, many owners of child passenger safety seats, especially any second-hand owners, might not be notified of safety defects

¹ <http://www-odi.nhtsa.dot.gov/cars/problems/recalls/register/childseat/csregfrm.pdf>.

and non compliances, and would not have the defects and noncompliances remedied.

Child seat owner registration information is retained in the event that owners need to be contacted for defect recalls or replacement campaigns. Chapter 301 of title 49 of the United States Code specifies that if either NHTSA or a manufacturer determines that motor vehicles or items of motor vehicle equipment contain a defect that relates to motor vehicle safety or fail to comply with an applicable Federal Motor Vehicle Safety Standard, the manufacturer must notify owners and purchasers of the defect or noncompliance and must provide a remedy without charge. In title 49 of the CFR, part 577, defect and noncompliance notification for equipment items, including child restraint systems, must be sent by first class mail to the most recent purchaser known to the manufacturer.

Child restraint manufacturers are also required to provide a printed instructions brochure with step-by-step information on how the restraint is to be used. Without proper use, the effectiveness of these systems is greatly diminished. Each child restraint system must also have a permanent label. A permanently attached label gives "quicklook" information on whether the restraint meets the safety requirements, recommended installation and use, and warnings against misuse.

Estimated Annual Burden: 39,247 hours.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques of other forms of information technology.

**CHILD SAFETY SEAT REGISTRATION FORM
FOR YOUR CHILD'S CONTINUED SAFETY**

Although child safety seats undergo testing and evaluation, it is possible that your child seat could be recalled. In case of a recall it is important that the manufacturer be able to contact you as soon as possible so that your seat can be corrected.

All child safety seats manufactured since March 1993 have a registration form so that owners can provide their names/addresses to the manufacturer. In case of a safety recall, the manufacturer can use that information to send recall letters to owners. Also, child safety seat manufacturers have agreed to maintain owner names/addresses for child safety seats manufactured before March 1993, so they can notify those consumers in the event of a future safety recall. However, in order for the manufacturer to know which child safety seat you own, all of the information on the lower half of this page must be provided.

If you would like the National Highway Traffic Safety Administration (NHTSA) to give your name and address to the manufacturer of your child safety seat, so that you can be notified of any future safety recalls regarding your child safety seat, fill out this form. Please type or print clearly, sign and mail this postage-paid, pre-addressed form.

If you have any questions, or need help with any child safety seat or motor vehicle safety issue, call the U.S. Department of Transportation's toll-free Vehicle Safety Hotline at 1-888-424-9393 (Washington DC AREA RESIDENTS, 202-366-0123).

Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA 2011-0027]

Pipeline Safety: Request for Special Permit

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA); DOT.

ACTION: Notice.

SUMMARY: Pursuant to the Federal pipeline safety laws, PHMSA is publishing this notice of special permit requests we have received from several natural gas and hazardous liquid pipeline operators, seeking relief from compliance with certain requirements in the Federal pipeline safety regulations. This notice seeks public comments on these requests, including comments on any safety or environmental impacts. At the conclusion of the 30-day comment period, PHMSA will evaluate the requests and determine whether to grant or deny a special permit.

DATES: Submit any comments regarding these special permit requests by April 4, 2011.

ADDRESSES: Comments should reference the docket numbers for the specific special permit request and may be submitted in the following ways:

- ~~E-Gov Web Site: <http://www.Regulations.gov>. This site allows the public to enter comments on any Federal Register notice issued by any agency.~~
- ~~Fax: 1-202-493-2251.~~
- ~~Mail: Docket Management System: U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590.~~

SUPPLEMENTARY INFORMATION: PHMSA has received requests for special permits from pipeline operators who seek relief from compliance with certain pipeline safety regulations. Each request includes a technical analysis provided by the respective operator. Each request is filed at <http://www.Regulations.gov>, and has been assigned a separate docket number. We invite interested persons to participate by reviewing these special permit requests at <http://www.Regulations.gov>, and by submitting written comments, data or other views. Please include any comments on potential environmental impacts that may result if these special permits are granted or denied.

Before acting on these special permit requests, PHMSA will evaluate all comments received on or before the comments closing date. Comments will be evaluated after this date if it is possible to do so without incurring additional expense or delay. PHMSA will consider each relevant comment we receive in making our decision to grant or deny a request.

PHMSA has received the following special permit requests:

Docket No.	Requester	Regulation(s)	Nature of special permit
PHMSA RSPA 2003-15733.	TransCanada Pipelines Limited (TCPL) (Operator of Portland Natural Gas Transmission System (PNGTS)).	49 CFR 192.611(a)	TCPL petitions PHMSA for modification of an existing special permit, PHMSA RSPA 2003-15733, issued to PNGTS on March 4, 2004. TCPL proposes modification of special permit conditions (1) through (6) with alternative special permit conditions. The special permit area of PHMSA RSPA 2003-15733 is located in Coos County, New Hampshire and is a 24-inch mainline natural gas pipeline, 595 feet in length. The first segment of the special permit area is located at Survey Station 148+52 feet (Mile Post 2.81) to Survey Station 152+92 feet (Mile Post 2.90). The second special permit segment is located at Survey Station 174 + 25 feet (Mile Post 3.30) to Survey Station 175+80 feet (Mile Post 3.33). Both special permit segments are located in Coos County, New Hampshire. Proposed new special permit segment 3 (new segment application on June 9, 2010) is defined as the PNGTS 24-inch Mainline pipeline beginning at Survey Station 171+17 feet (Mile Post 3.24). The special permit segment extends for 308 feet along the PNGTS 24-inch Mainline and concludes at Survey Station 174 + 25 feet (Mile Post 3.30). The special permit segment 3 is located in Coos County, New Hampshire.
