Traffic Advisory

Overnight Closure for Missouri Avenue *Las Cruces, NM*

Las Cruces: The New Mexico Department of Transportation (NMDOT) along with FNF Construction will need to continue with their overnight closures at the intersections of Triviz Drive, Don Roser Drive and Missouri Ave.

The closures are necessary in order for Bixby Electric to proceed with the installation of the electrical lines for the new traffic signalization that will be placed at these intersections.

The work scheduled for Missouri Ave at Triviz Dr and Don Roser Dr will be as follows:

- Wednesday July 29 at 8:00 pm until 6:00 am on Thursday July 30, 2015
- Thursday July 30 at 8:00 pm until 6:00 am Friday July 31, 2015

FNF will continue with their daily operations on I-25 and bridge work around the southbound overpass. Motorists will encounter lane restrictions on I-25 for north and southbound traffic.

The NMDOT and FNF Construction will also be communicating with certain private businesses and owners regarding work needed on driveway entrances in the upcoming weeks. Businesses and owners will be notified of this work along with a press release to follow with additional information regarding dates and times of the work.
