Traffic Advisory

I-40 Bridge Replacement Work To Begin June 27

Clines Corners—The New Mexico Department of Transportation (NMDOT) will begin bridge replacement work on I-40 from mile marker 238.00 mile marker 239.24 at the Guadalupe and Torrance County line east of Clines Corners on June 27, 2015. The bridge will be replaced with eight 10' X 14' Concrete Culvert Boxes (CBC). This project is scheduled to be completed in summer of 2016.

Starting Monday, June 27, the I-40 eastbound and westbound lanes will be reduced to one lane in each direction. There will be concrete barrier wall separating the eastbound and westbound lanes. There is a 12' lane width restriction.

The Federal Highway Administration and NMDOT have partnered to fund the improvements. The project cost is \$2,999,936 and is scheduled for completion in the summer of 2016; weather permitting. Hasse Construction out of Albuquerque is the contractor for this project.

Drivers are urged to proceed with caution through the work zone, observe traffic control signs and reduce speed to the posted limit. Updates on this project will be posted on the New Mexico Department of Transportation's road advisory website www.nmroads.com
