Traffic Report for week of September 27, 2015

White Sands Missile Range Notification

For information regarding closures you may call WSMR at 678-1178 or 678-2222 for updates.

- Traffic updates are posted on the NMDOT traffic advisory web-site at <http://nmroads.com> and can be retrieved through our automated system at 511 in New Mexico or 1-800-432-4269 from any line.

I-25/Missouri Bridge - Las Cruces

The New Mexico Department of Transportation (NMDOT) along with FNF Construction (Contractor) continues work along I-25 and the city roadway enhancements of Missouri Avenue and its intersections of Triviz Avenue and Don Roser Drive.

North bound I-25 traffic is being detoured onto southbound I-25 near the University Avenue north bound on-ramp. North bound I-25 traffic continues along south bound detour and is detoured back to south bound I-25 near Lohman off-ramp.

City intersections of Missouri Avenue/Don Roser Drive and Missouri Avenue/Triviz Drive will continue to have active construction. FNF will begin work on the median curb of Missouri Avenue just east of Don Roser Drive and West Triviz Dr. The traffic will be constricted to one lane in each direction. The traffic constraints will last until Tuesday, September 29th.

The south leg of Don Roser Drive between Missouri Avenue and Fairway Drive will continue to be closed. A wall barrier and pavement markings will need to be placed before the reopening of this section.

Complete road closure at Missouri Avenue between Don Roser Drive and Triviz Drive will be less frequent but necessary to complete intersection work. Please follow detours or seek alternate routes during this closure.

To complete the electrical installation it will be necessary to trench across Don Roser Drive. FNF plans to do this work on the weekend of October 2nd through October 4th. Triviz Drive will be closed between Johns Street and E. Idaho Avenue between Friday 8:00PM to Monday 6:00AM. The following week Contractor anticipates the work on Don Roser between Missouri Avenue and E. Idaho Avenue.

The next Public Meeting will be Wednesday October 28, 2015 which will start promptly at 6:00 pm at the NMDOT Las Cruces Complex located at 750 N. Solano.

I-10/Union Bridge-University - Las Cruces

The New Mexico Department of Transportation (NMDOT) along with La Calerita Construction (Contractor) continues with work at the I-10/Ramp E Bridge and the I-10/Union Avenue Bridge in Las Cruces, New Mexico. I-10 westbound lanes will continue to be detoured through the eastbound passing lane. Speed restrictions remain in effect through the I-10 construction zone. Eastbound access to I-10

at Valley Drive and University Avenue is closed. Use Conway Avenue to access eastbound I-10. Union Avenue at I-10 will be closed from 9:00 p.m. to 5:00 a.m. (night time) beginning Tuesday, September 29th, September 30th and October 1st for bridge girders placement. The detour signs will be in place for motorists' guidance around the work zone. The Union Avenue northbound traffic will be detoured via Stern East to Cholla Rd, Broadmoor Rd, North to Sam Steel Way. The southbound traffic will utilize the same detour traveling in the other direction.

N. Main/US 70 - Las Cruces

The New Mexico Department of Transportation (NMDOT) along with G. Sandoval Construction (Contractor) has placed traffic control devices stationed along N. Main/US-70 from Picacho Avenue to Solano Drive. Traffic will all be shifted over to the outside lanes in order to begin placing the median islands and start paving operations.

The City of Las Cruces will be making modifications to their bus route which can be found on their web at:

<http://www.las-Cruces.org/Departments/Transportation/Services/RoadRUNNER%20Transit.aspx>

I-25/Rincon (South of Hatch, NM)

The New Mexico Department of Transportation along with MANS Construction (Contractor) currently have traffic control placed on I-25 between mile marker 35.619 to 39.0, south of Hatch, NM. The Contractor will begin roadway rehabilitation by milling the existing roadway and resurfacing the interstate where motorists will encounter lane and speed reductions during working hours. The Contractor's schedule is Monday to Friday from 6:00 am until 6:00 pm, and may change as work progresses.

I-10/Motel Blvd – Bridge Repair

The New Mexico Department of Transportation (NMDOT) along with Uretek (Contractor) will work on bridge at I-10 mile post 139 on the east bound passing lane and on Motel Blvd. south bound right lane under I-10. Work began Thursday, September 24th through Saturday, September 26th and will continue again on Monday, September 28th through Friday, October 2nd, from 7 am to 5:30 pm.

I-25, T or C, NM – Bridge Repair

The New Mexico Department of Transportation (NMDOT) with Villalobos Construction (Contractor) is currently repairing bridges from mile markers 80.2 to 81.7 with one lane closed in each direction 24/7. Please use caution.

New Mexico 52/New Mexico 59 - Chip Seal

The New Mexico Department of Transportation (NMDOT) along with Blue Collar Construction (Contractor) will be working on NM 59 from mile markers 0.00 to 32.00 and New Mexico 52 from mile markers 0.00 to 36.00, where motorists will encounter lane restrictions. There will be pilot car and flagman operations within work zone. Working hours will be from Monday to Sunday from 7:00 am to 7:00 pm. The work is to be completed by end of October, 2015.

NM 90/Hudson Street Bridge – Silver City

The New Mexico Department of Transportation (NMDOT) along with Interstate Highway Construction (IHC) (Contractor) has CLOSED all access over the NM 90/Hudson Street Bridge. The NMDOT and IHC continue with the construction of the bridge overpass. The contractor has installed various notifications alerting motorists of the closures. In addition, the NMDOT will have traffic control advising motorists that the county Truck Bypass route will be available. The San Vicente Trail will be closed at Corbin Street along with South Mill Road, and under the bridge.

Contractor will be delivering beams week of September 21st and will work on installation for approximately 10 days. Motorists will encounter the bridge beams (Oversize Loads) being shipped via

US 180. Please use caution. There will be patch work on Truck Bypass Road from Monday through Friday, 8:30 am to 5:00 pm until work completed.

The next Public Involvement Meeting is scheduled for 6:00 pm on Wednesday October 21, 2015 at the Grant County Administration Building, 1400 Hwy. 180 E, Silver City, NM 88061. The meeting will start promptly at 6:00 pm with members of the NMDOT and IHC will be available to answer any questions the public may have regarding the project.

US 180 East, Silver City – Mill & Inlay

NMDOT along with Mountain States Construction will be performing Roadway Rehabilitation beginning Wednesday, September 16, 2015 on US 180 East from mile marker 115.3 to mile marker 120.5. Work will begin on east bound passing lane, milling and paving east to end of project. Once paving operations reach the end of project, contractor will turn around and begin milling and paving in the west bound passing lane. Traffic control will utilize a left lane closure with speed reduced to 45 MPH. Project will continue through end of October 2015. Contractor will begin milling at 5:00 am and paving will end at 7:00 pm.

I-10 Lordsburg

NMDOT along with James Hamilton Construction (Contractor) will be performing bridge repair work and partial reconstruction of the roadway at mile marker 29 beginning Tuesday, September 29th. Detour signs will be installed for traffic, which will be switched to either the eastbound lane or west bound lane, accordingly. There will be reduced speed through the construction zone to 55 MPH.

NM 478 Mesquite to Mesilla, NM

The New Mexico Department of Transportation (NMDOT) with Paveover Inc. (Contractor) will be working on NM 478 with pilot vehicle and flagging operations. The work will consist of recycling the existing mat in order to aid in extending the longevity of the roadway. Traffic control operations will be Monday to Saturday from 7:00 am until 6:00 pm, and should be complete by the end of September, 2015. Contractor will be working on mile makers 15 to 0 from the hours of 7:00 am to 4:30 pm.

NM 213, Chaparral, NM

The New Mexico Department of Transportation (NMDOT) along with J & H Supply and Smith and Aguirre Construction (Contractors) will be installing guardrail along NM 213 between mile marker 0 to 6.2 where motorists will encounter lane restriction as a pilot car operation and flagman will be positioned within the work zone working hours Monday to Friday from 7:00 am until 7:00 pm. The contractor should be complete by beginning of October, 2015.

Deming Area - Chip Sealing Project

The New Mexico Department of Transportation Chip Seal Crew will begin chip sealing on NM 143 from mile maker 5 to mile marker 0 and NM 549 mile marker 0 to mile marker 5 with flagging and pilot car operations.
