Traffic Advisory

U.S. 64 Road Pavement Preservation Work To Begin September 28

Dulce—The New Mexico Department of Transportation (NMDOT) will begin pavement preservation work on the U.S. 64 from mile marker 101.9 (Jicarilla Ranger Station) to mile marker 106.9 (La Jara Arroyo) on September 28, 2015. This cold mix recycled asphalt pavement preservation work is scheduled for completion October 10, 2015; weather permitting.

Motorists can expect minor delays Monday through Friday from 7:00 a.m. to 6:00 p.m. There will be one lane closure with a flagger and pilot car operation escort through the work zone. NMDOT thanks you for your patience during this pavement preservation improvement project.

Brasier Asphalt Inc. of Albuquerque is the contractor for this project.

Drivers are urged to proceed with caution through the work zone, observe traffic control signs and reduce speed to the posted limit. Updates on this project will be posted on the New Mexico Department of Transportation's road advisory website www.nmroads.com
