

American Medical Response Selects AVeL-TECH For Its Automatic Vehicle Location system and Message Switch

American Medical Response selects AVeL-TECH for its automatic vehicle location system (AVeL-NET Base) and message switch (RadioGATE) for the dispatch of its ambulance fleet located in Arlington, Texas.

([PRWEB](#)) February 14, 2002 -- American Medical Response selects AVeL-TECH for its automatic vehicle location system (AVeL-NET Base) and message switch (RadioGATE) for the dispatch of its ambulance fleet located in Arlington, Texas.

AMR is a nationally recognized company providing emergency and non-emergency medical transportation, on-site industrial healthcare and medical response. AMR operates in 35 states, serving more than four million patients annually. They operate a fleet of 4,000 vehicles. AMR's corporate headquarters is located in Aurora, Colorado.

AVeL-TECH Background Information

Based in Canada, AVeL-TECH designs and commercializes a complete suite of products for mission critical organizations, including computer aided dispatch (AVeL-CAD), automatic vehicle location (AVeL-NET), message switch (RadioGATE) and vehicular applications (MobiCAD).

AVeL-TECH's products have been designed to conform to the highest standards set forth by public safety organizations requiring uncompromized robustness to handle uninterrupted life-saving operations.

The AVeL-NET product line is modular and can be articulated around most operational requirements. AVeL-NET is available in English, Spanish, Portuguese and French and is currently used by several Police, Ambulance, Fire departments and Governmental Agencies in North America, Latin America and Europe.

AVeL-NET, AVeL-CAD, RadioGATE and MobiCAD are trademarks of AVeL-TECH Incorporated.
