DIE-CAST MODEL ORGANIZER FOR THAT NEW CHRISTMAS COLLECTION

Die-Cast models of cars, trucks, motorcycles, etc. are great items to collect to remind us of our favorite things and to possibly achieve a profit.
Now, So Rare! Collectibles provides software to enable an easy method of organizing and managing our collections. This new software database program will help die-cast model accumulators to become collectors by organizing and managing their collection.

(PRWEB) October 8, 2003 -- FOR IMMEDIATE RELEASE

DIE-CAST MODEL ORGANIZER FOR THAT NEW CHRISTMAS COLLECTION

Saratoga, CA (October 6, 2003) - Die-Cast models of cars, trucks, motorcycles, etc. are great items to collect to remind us of our favorite things and to possibly achieve a profit.
Now, So Rare! Collectibles provides software to enable an easy method of organizing and managing our collections. This new software database program will help die-cast model accumulators to become collectors by organizing and managing their collection.

The Die-Cast Model Collector features:

* Operates under all Microsoft Windows platforms, 3.1 through XP.

* Pertinent information, including vehicle maker, model, type, color, scale, die-cast model manufacturer, identifier or part number, production run quantity, etc. as well as multiple pictures of each die-cast model may be inserted into the database.

* Preinstalled data for vehicle maker (Auburn, Audi, Auto Union, BMW, etc.), vehicle types (coupe, roadster, sedan, etc.), scale (1:18, 1:24, 1:32, 1:43), manufacturer (Corgi, Matchbox, Motormint, etc.) and collectible condition (Mint, Very Fine, etc.).

* Print complete die-cast model reports and lists including profit and loss when you sell collection models.

* Custom queries may be made to display or print just the die-cast models desired. Reports may be sorted by many parameters such as maker in ascending or descending order.

* Minimum computer expertise is required to use the software.

Die-Cast Model Collector is available on CD-ROM for only $9.95 from So Rare! Collectibles:
