

New at Summit Racing Equipment: Header Tether Systems by Collector Tethers

The NHRA is requiring tethers for removable, slip-on exhaust collectors beginning with the 2014 season. Collector Tethers are NHRA-accepted, patent-pending header tether systems that will ensure header collectors stay put.

Tallmadge, OH ([PRWEB](#)) January 06, 2014 -- The NHRA is requiring tethers for removable, slip-on exhaust collectors beginning with the 2014 season. Collector Tethers are NHRA-accepted, patent-pending header tether systems that will ensure header collectors stay put.

Created by NHRA Sportsman racers, Collector Tethers are made from 100-percent stainless steel and weigh less than one pound.

- Accepted for use in all classes
- Take less than 10 minutes to install
- Collector clamps and mounting hardware included
- Available in 10, 15, 20, and 36 inch lengths in a large variety of primary and collector diameters

Summit Racing carries a variety of Collector Tethers fasteners, including header tether systems, replacement primary tube clamps, replacement header collector clamps, and replacement lock nuts.
