

## Chicago Used Car Donation 24 Hours a Day

*Goodwill Car Donations now has live operators standing by twenty-four hours a day, seven days a week to help people with their Chicago used car donation.*

Chicago, IL ([PRWEB](#)) January 08, 2014 -- People looking to donate a used car in the Chicago area no longer have to wonder where to turn. [Goodwill Car Donations Chicago is a local IL business with widespread operations](#). A Goodwill Car Donation helps other people secure jobs, learn skills, and obtain an education while giving the donator a tax deduction. Vehicles of any condition are accepted so it's easy to donate a car in Chicago with Goodwill. Their network of employees and affiliates can handle a high volume of cars. Some vehicles may even be picked up in the same day. And now, Goodwill makes it easier than ever to donate a car by having telephone operators standing by 24 hours a day.

[Donating a car just makes sense because it helps the community](#) and takes the hassle out of all the other ways to get rid of a car. There is no repairing it to sell it, listing it, and dealing with potential buyers or constantly paying for insurance and maintenance. The car can be brought to a Goodwill location or picked up from the donator's location to keep the donating process hassle free and easy. Goodwill will mail a tax receipt to the donor so that the donation can be written off as a tax deduction if desired. The car will then be used to help the less fortunate.

Goodwill Car Donations also accepts boats, trailers, lawn mowers, RVs, motorcycles, all-terrain vehicles, and more. As always, the Goodwill store accepts clothing and household items. Goodwill Car Donations picks up the vehicles and then sells them at auction for the highest proceeds. The money really does some good for those who need it. In 2010, almost two and a half million people benefited from Goodwill's donation services.

To make it easy, donators can fill out an online donation form. Someone will contact the donator to confirm the donation and arrange pickup. Once the vehicle is picked up through a tow service at no cost to the donator, the process is over. Goodwill takes care of the rest and the only thing left to do is claim the vehicle as a tax deduction if the donator desires. Go online and fill out the form to donate a vehicle or call 800-433-3828. Within forty-eight hours, the car will be on its way to helping those less fortunate.
