

SAE International Issues “Call for Papers” for 2017 World Congress and Exhibition

SAE International announces a “Call for papers” for the SAE 2017 World Congress and Exhibition, which will be held April 4-6, 2017, at Cobo Center in Detroit.

WARRENDALE, Pa. ([PRWEB](#)) July 27, 2016 -- SAE International announces a “Call for papers” for the [SAE 2017 World Congress and Exhibition](#), which will be held April 4-6, 2017, at Cobo Center in Detroit.

SAE International is seeking experts in automotive electronics, safety, powertrain, materials, emissions, sustainability, design and manufacturing and propulsion to share their time and talents to write a technical paper or give a presentation.

The following information will be required during the online abstract submission process:

1. Tentative title
2. A summary stating the objective of the paper/presentation
3. Name of the author and co-authors and all contact information
4. Selection of the most appropriate technical session.

Abstract deadline is Sept. 1, 2016.

For more information on the “Call for Papers” and submitting an abstract, visit ae.org/congress/cfp/.

Contributing to the SAE World Congress is an opportunity for members of the mobility industry to share their expertise to help in the advancement of engineering within the automotive spectrum. With a continued focus on quality, abstracts and papers will be examined thoroughly by volunteer experts prior to acceptance to a World Congress technical session and then again by the SAE Journal’s Editorial Board for the chance of being selected to one of the SAE Journals.

Ford is providing Executive Leadership for the SAE 2017 World Congress and will be joined by DENSO as the Tier One Strategic Partner.

Major announcement - coming soon. As the automotive industry continues to evolve, SAE World Congress is changing, too. Stay tuned for exciting details regarding next year's event; this is one event you won't want to miss.

SAE International is a global association committed to being the ultimate knowledge source for the engineering profession. By uniting more than 127,000 engineers and technical experts, we drive knowledge and expertise across a broad spectrum of industries. We act on two priorities: encouraging a lifetime of learning for mobility engineering professionals and setting the standards for industry engineering. We strive for a better world through the work of our philanthropic SAE Foundation, including programs like A World in Motion® and the Collegiate Design Series™.
