

New at Summit Racing Equipment: Race Star 92 Drag Star Bracket Racer Wheels

Summit Racing now carries Race Star 92 Series Drag Star Bracket Racer Wheels. Designed for racing use, they are much lighter than the Drag Star wheels made for the street; a 15 x 10 Bracket Racer, for example, weighs only 17 pounds.

Tallmadge, OH ([PRWEB](#)) August 11, 2016 -- Summit Racing now carries Race Star 92 Series [Drag Star Bracket Racer Wheels](#). Designed for racing use, they are much lighter than the Drag Star wheels made for the street; a 15 x 10 Bracket Racer, for example, is only 17 pounds. That saves ET-killing weight.

The wheels are also designed to clear big brake packages on virtually any early or late model musclecar, so fitment issues are no longer an issue. Best of all, the Drag Star Bracket Racer wheels are very affordable—the 15 inch and many 17 inch wheels are under 200 bucks each. Other features include:

- Metallic gray finish
- Bolt-on center cap included
- Drilled for 1 3/8 inch shanked lug nuts
- Lifetime structural warranty

Sizes Currently Available

- 15 x 3.75, 15 x 8, 15 x 10
- 17 x 4.5, 17 x 4.75, 17 x 9.50
