(PRWEB) February 17, 2004SURFS UP! PT WoodyÂ□ Â□WoodÂ□ Kits are the ultimate restyling packages for your PT Cruiser!
The $\hat{A} \square Woody I \hat{A} \square Kit$ replicates the early woody $\hat{A} \square s$ with a new nostalgic look and feel. The Woody I Kit wraps your cruiser in Wood - Unlike other woody kits, our $\hat{A} \square wood\hat{A} \square$ extends around the top of the doors and hatch area to blend in perfectly with the lower panels. The $\hat{A} \square Woody I \hat{A} \square$ package wins awards in every show it enters, including $\hat{A} \square Best$ in Class $\hat{A} \square$ at the prestigious 2001 Detroit Autorama! The attention and $\hat{A} \square thumbs up \hat{A} \square$ it receives on the street makes every day a car show! The Woody 1 kit has been available since June of 2000, this kit is a proven winner!
The durability of the PT Woody $\hat{A} \square s$ kit is exceeded only its genuine good looks. The $\hat{A} \square wood\hat{A} \square$ panel material is simulated Marine Teak and the $\hat{A} \square wood\hat{A} \square$ outer edge trim simulated Santa Rosa Oak are manufactured to ISO 9001 standards. Our 3M attachment system and quality materials allow us to give you an unprecedented three-year guarantee.
This is not just another $\hat{A} \Box$ graphics $\hat{A} \Box$ kit, or expensive, maintenance-intense, $\hat{A} \Box$ real $\hat{A} \Box$ wood. The dark $\hat{A} \Box$ Marine Teak $\hat{A} \Box$ panels are a heavy $\hat{A} \Box$ Di-Noc $\hat{A} \Box$ vinyl, and the outer $\hat{A} \Box$ Santa Rosa Oak $\hat{A} \Box$ trim is a proprietary, raised, quarter-round plastic molding that covers the edge, and rises above, the $\hat{A} \Box$ Teak $\hat{A} \Box$ panels. This gives your Cruiser a true 3-dimensional look and dark $\hat{A} \Box$ wood $\hat{A} \Box$ surface just like the original Wood $\hat{A} \Box$ shad!
