([PRWEB](#)) February 22, 2004 --A late bus service survey was set up in local shops in the village of Romsley 5 weeks ago, these survey petitions were collected each week on a regular basis to judge if enough signatures could be collected, if sufficient were collected, then a bus service would be considered by The Worcestershire County Council. Three weeks ago, the petitions disappeared from the shops with the response that the Romsley parish Council would be ascertaining if a bus service was required or not! To date the Council have not become involved in any late bus service. So if anyone wants a service and wishes to append their signature, would they kindly contact Stan Francis on francisuffdown@waitrose.com indicating their name and post code only!
