

Matco Tools Goes "FORWARD" With Matco Branded Lifts

Matco Tools is pleased to introduce its new line of Matco branded Lifts for the automotive, Heavy duty vehicle and motorcycle markets.

([PRWEB](#)) May 14, 2004 -- Matco Tools is pleased to introduce its new line of Matco branded Lifts for the automotive, Heavy duty vehicle and motorcycle markets. The line includes:

Two post lifts from 9,000 to 12,000 pounds, including low rise ceiling models;
Four post General Service lifts from 9,000 to 12,000 pounds;
Four post Lifts for Heavy Duty vehicles from 18,000 to 60,000 pounds;
Four post Quick Lube lifts; Two and four post Alignment Racks; Mid-rise lifts ;Scissor lifts and a 1,000 pound motorcycle lift and a host of accessories and options to meet all of your lift needs.

The Matco branded lifts are supported by Forward Manufacturing, a precision manufacturer of lifts with 50 years of experience. Matco branded lifts features include:

- Direct-Pull Lifting system for low maintenance
- Automotive Lift Institute/ETL Third Party Tested
- Equipped with Truck Adapters(where applicable)
- Powder Coat Color to resist rust and reduce flaking
- One Nationwide Installation Fee (varies on type of lift)
- CAD Layout for large installations

Matco branded lifts will help your shop lower costs and increase productivity at a competitive, affordable cost.
