

## **Airstream of Scottsdale Promotes Stock of Non-Trailer Vehicles**

*Travel trailer and mobile home dealership has used vehicles for sale in the Scottsdale area.*

SCOTTSDALE, Ariz. ([PRWEB](#)) April 14, 2020 -- The [Airstream of Scottsdale](#) dealership may specialize in selling new travel trailers and coach vehicles, but the dealership also has a small collection of [pre-owned vehicles](#) for sale. Each of these vehicles is a far cry from the dealership's standard fare but interested customers can buy them just the same.

Three of these pre-owned vehicles are made by the legendary German automaker, Porsche. The first of these three is a 1981 Porsche C928 Carelli Convertible. It is also just one of only eight that was ever produced. This unique find of a pre-owned vehicle is almost forty years old, but its odometer shows that the vehicle has only driven 6,341 miles. As a convertible, it has a black cloth top that can be folded back for open-air driving. The rest of the car is painted bright red. Under the hood, this Porsche is equipped with a 4.5L V8 engine. The dealership is offering this sporty car for \$59,995.

Another Porsche at Airstream of Scottsdale is a 1986 Porsche 930 Jägermeister Carrera Turbo. This Porsche is orange and has Jägermeister brand decals on top of the orange paint. It has a 3.3L Turbo CIS engine inside it and has driven more than 120,000 miles since it was built. This vehicle is being sold for \$135,900.

The third Porsche model for sale is more recent than the other two. It is a 2017 Porsche 911 Turbo. This Porsche has 1,541 miles on it and is a convertible. The black soft-top contrasts with the white body paint. The engine in this vehicle is a 3.8L V6. After a dealer discount, this car is being sold for \$169,995.

Although it's an oddity, the dealership is also selling a [historical fire truck](#). This fire truck is from the 1976 model year and was built by Van Pelt. It is labeled Engine 33 and painted in bright red. Interested shoppers are encouraged to call the dealership for a price on this distinctive piece of automotive history.

Shoppers who are interested in any of these vehicles are encouraged to call the dealership at 480-467-3737. The dealership is located at 15000 N Hayden Road, Scottsdale, Arizona 85260.
