Dover, DE ([PRWEB](#)) September 30, 2004 -- Team TRIMSPA driver David Stremme qualified 11th and posted a solid 16th-place finish in the NASCAR® Busch® Series Race at Dover International Speedway® on Saturday. The finish was a personal best for Stremme at Dover – a –bad luck– track in three previous starts.

–I really like racing at Dover but we had a tough race today,– said Stremme, driver of the TRIMSPA X32 Dodge. –The guys did a great job in the pits, but we never quite got a handle on the car. Our first set of tires was extremely loose. We made adjustments off of that first green flag run, and in the end I think that hurt us because the next two sets were totally different.–

From the drop of the green Stremme’s Dodge was loose entering the turns and tight on exit. By the first stop on lap 74, Stremme had slipped twelve spots and one lap to the 23rd position. When a caution came out on lap 92, Stremme had battled his way up two spots into the –Lucky Dog– position. Back on the lead lap, Stremme pitted on lap 106 under the fourth caution of the day. Team TRIMSPA placed a spring rubber in the right rear to mend a tight handling condition.

–We apparently had a tire going down just before that second stop,– said Stremme. –I think that caused us to go the wrong direction on our adjustments.–

During the final green flag run Stremme mounted a charge to the front despite the TRIMSPA X32 Dodge continuing to be tight on exit. When the checkers fell on lap 200, Stremme was in 16th position. The finish raised him one spot to 13th in the NASCAR Busch Series driver points.

–We will take that for a bad day at the track,– said Stremme. –Finishing 16th, raising a spot in the points, and coming home with the car intact is not too bad. I know we missed the setup, but making something out of nothing is what we need to do some weekends to get back in the top 10 in point standings.–

Stremme and Team TRIMSPA will enjoy an off weekend before heading to Kansas Speedway® to compete in the Mr. Goodcents® 300 Saturday, October 9th. The event will be televised live at 2 p.m. eastern on TNT® and on radio stations affiliated with MRN® and XM Satellite Radio Channel 144.
