

## **Export and Import Between Arcline (2000) Software Products**

*ARCLINE (2000) INC., developers of Arcline Transportation Software Systems since 1991, now offers the ability to export and import data between your Arcline Software products worldwide.*

Innisfil, ON ([PRWEB](#)) December 23, 2004 -- Any clients using ArcFreight<sup>®</sup> or ArcFleet<sup>®</sup> software products, can now send orders to other Arcline (2000) clients by exporting and importing data electronically, eliminating the need for double entry! We are proving our commitment to our clients by adding this benefit as part of our base software system at no extra fee, says Michelle Dirracolo, President of Arcline (2000) Inc.

About Arcline (2000) Inc.

Arcline (2000) Inc. develops advanced software solutions for the Transportation Industry. Our objective is to provide Trucking Companies and Freight Brokerage firms with reliable, easy-to-use, affordable software systems. Arcline now offers in-house financing for 12 and 24 months periods, low cost leasing options and now accepts Visa<sup>®</sup> and MasterCard<sup>®</sup> as methods of payment. Our development team has spent many years learning and scrutinizing the flow of information in the transportation business. Explore our Website at [www.arcline2000.com](http://www.arcline2000.com) and see how our software will grow with your business.
