

## **Stockton Drivers Can Receive Money from Local Hyundai Dealership to Help Modify Their Vehicle**

*Stockton Hyundai Offers Mobility Program to Drivers Looking to Modify Their Hyundai Vehicle*

STOCKTON, Calif. ([PRWEB](#)) June 26, 2021 -- When going home in a new Hyundai vehicle, a customer will want to make it fit their personal needs and wants as much as possible. While many shoppers choose a model with the features that they desire, some choose to take it a step further by adding on adaptive equipment. However, adaptive equipment can be expensive. As a way to help drivers modify their Hyundai vehicle, [Stockton Hyundai encourages local Hyundai owners to check out its Mobility Program](#). This program provides \$1,000 for a customer to use toward the overall cost of purchasing and installing adaptive equipment.

There are three steps that any interested client must follow to receive the \$1,000. The first step is determining which vehicles and equipment are eligible. [Select new and unused Hyundai vehicles sold by an authorized Hyundai dealership are eligible to receive reimbursement for mobility equipment](#). There are several requirements that the equipment must meet, but one of the main requirements is that the equipment must be related to a medical need.

The second step involves downloading and completing all proper forms to send to Hyundai Motor America within 60 days of installation. The forms that are required include the Purchase Agreement or Sales Contract, an itemized and paid invoice from the equipment company, the customer's vehicle registration and documentation from a medical professional stating the purpose of the equipment. The invoice must include the customer's full name, the vehicle and the Vehicle Identification Number. The third and final step involves downloading, completing and sending the Claim Form to Hyundai Motor America.

If any prospective Hyundai owners would like to learn more about this program, they can find more information at - [stocktonhyundai.com](http://stocktonhyundai.com). Customers can also ask the sales team any questions they may have by calling 209-227-1081. However, if a more personal experience is preferred, customers can find Stockton Hyundai at 2079 Auto Center Circle.
