

MAKS Enterprises Ranks No. 563 on the 2021 Inc. 5000 With Three-Year Revenue Growth of 854% Percent

Inc. Magazine Reveals Annual List of America's Fastest-Growing Private Companies—the Inc. 5000

NEW YORK ([PRWEB](#)) August 19, 2021 -- Inc. magazine today revealed that MAKES ENTERPRISES is No. 563 on its annual Inc. 5000 list, the most prestigious ranking of the nation's fastest-growing private companies. The list represents a unique look at the most successful companies within the American economy's most dynamic segment—its independent small businesses. Intuit, Zappos, Under Armour, Microsoft, Patagonia, and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

While ranking #563 overall nationally, MAKES came in at #93 within the state of California, #39 in the greater Los Angeles Metropolitan area, and #24 amongst all US Manufacturers.

"I could not be more proud of the team we've assembled to reinvent how the automotive electronics remanufacturing industry does business," said Mak Cabessa, founder and CEO of MAKES. "Clearly, we must be getting a few things right. My gratitude extends not only to our dedicated, innovative employees whose hard work is being recognized here, but to the many suppliers, vendors, and partners who continually provide us outstanding service and support, and to our customers who put faith in us to serve their needs."

Not only have the companies on the 2021 Inc. 5000 been very competitive within their markets, but this year's list also proved especially resilient and flexible given 2020's unprecedented challenges. Among the 5,000, the average median three-year growth rate soared to 543 percent, and median revenue reached \$11.1 million. Together, those companies added more than 610,000 jobs over the past three years.

MAKS Enterprises official ranking can be seen [here](#). Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at www.inc.com/inc5000. The top 500 companies are featured in the September issue of Inc., which will be available on newsstands on August 20.

"The 2021 Inc. 5000 list feels like one of the most important rosters of companies ever compiled," says Scott Omelianuk, editor-in-chief of Inc. "Building one of the fastest-growing companies in America in any year is a remarkable achievement. Building one in the crisis we've lived through is just plain amazing. This kind of accomplishment comes with hard work, smart pivots, great leadership, and the help of a whole lot of people."

MAKS Enterprises LLC (d.b.a "MAKS TIPM Rebuilders"), was founded in 2017 and has rapidly grown to become a leading industry innovator in the rebuilding of motor vehicle electronics. Having started with the Totally Integrated Power Module (TIPM) which is the electronics nerve center found in all Chrysler, Dodge, Jeep, and RAM vehicles produced since the early 2000's, MAKES Enterprises is now expanding into additional automotive electronics categories with the mission to provide consumers rebuilt auto electronics better and more resilient than new, and at a fraction of the cost.

More about Inc. and the Inc. 5000

Methodology

Companies on the 2021 Inc. 5000 are ranked according to percentage revenue growth from 2017 to 2020. To qualify, companies must have been founded and generating revenue by March 31, 2017. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2020. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2017 is \$100,000; the minimum for 2020 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Growth rates used to determine company rankings were calculated to three decimal places. There was one tie on this year's Inc. 5000. Companies on the Inc. 500 are featured in Inc.'s September issue. They represent the top tier of the Inc. 5000, which can be found at <http://www.inc.com/inc5000>.
