

## **Carpages.ca Offers Free Automotive News Headlines**

*Carpages.ca has made the decision to syndicate its automotive news headlines using RSS technology.*

MISSISSAUGA, ONTARIO ([PRWEB](#)) December 9, 2005 -- Carpages.ca has made the decision to syndicate its automotive news headlines using RSS technology.

Carpages.ca is a Canadian automotive portal, offering new car research and automotive news geared towards the Canadian driver. The decision to syndicate content using RSS gives Canadian online publishers a way to offer valuable content to their users, free of charge.

In addition, car enthusiasts are able to receive daily automotive content delivered directly to their desktop by using any one of a number of freely available RSS news readers (<http://blogspace.com/rss/readers>).

Interested parties can learn more about the Carpages.ca RSS Content Feeds by going to <http://www.carpages.ca/RssOptions.aspx>.

### About Carpages.ca

Carpages.ca is a fast-growing Canadian automotive portal, offering consumers an easy to use set of tools for researching news cars and for searching a Canada-wide database of pre-owned vehicles from both dealers and private sellers.
