

The New 2022 Nissan Frontier Is Now Available at Glendale Nissan

Prospective buyers in the Illinois area can buy the new 2022 Nissan Frontier at Glendale Nissan

GLENDALE HEIGHTS, Ill. ([PRWEB](#)) September 10, 2021 -- The 2022 Nissan Frontier is the Nissan brand's offering in the midsize truck segment. It is a thorough blend of capability, comfort, technology and safety. This practical pickup with a starting MSRP of \$27,840 is available at Glendale Nissan in Glendale Heights, Illinois.

The 2022 Nissan Frontier is equipped with a 3.8-liter direct injection V6 engine that has an impressive output of 310 hp and a torque rating of 281 lb.-ft. Its nine-speed automatic transmission ensures maximum efficiency and powerful acceleration.

In terms of technology, the 2022 Nissan Frontier comes with a 9-inch color touchscreen display with Apple CarPlay® and Android Auto™. For the driver's ease, it is also fitted with a standard 7.0-inch Advanced Driver Assist Display that offers customizable information to the driver. Additionally, it has wireless smartphone charging and NissanConnect® with Wi-Fi Hotspot.

The Nissan Safety Shield® 360 on the 2022 Frontier Nissan features a Blind Spot Warning, Automatic Emergency Braking with Pedestrian Detection, Rear Cross Traffic Alert, High Beam Assist, Lane Departure Warning and Rear Automatic Braking.
