BREWER, Maine ([PRWEB](#)) September 10, 2021 -- Brand-new Toyota cars, trucks and SUVs represent best-in-class style, performance, technology and reliability in the automotive world – but may not be the right financial fit for some car shoppers in the Bangor area. Local families who have their hearts set on a Toyota vehicle with a more affordable price tag and the same unrivaled quality may find the right fit at Downeast Toyota with an impressive [inventory of Toyota Certified Used vehicles](#).

Potential customers want to know – what are Toyota Certified Used vehicles? Toyota Certified Used vehicles consist of pre-owned Toyota cars, trucks, crossovers and SUVs that are less than six years old and have less than 85,000 miles on the odometer. To ensure that owners enjoy the same peace of mind that comes with a brand-new Toyota, certified pre-owned vehicles must pass a detailed 160-point Quality Assurance Inspection and are backed by comprehensive warranties.

With the purchase of a Toyota Certified Used vehicle, owners will gain access to a CARFAX® Vehicle History Report that details the service and accident history. Toyota Certified Used vehicles are backed by a 12-month/12,000-mile Limited Comprehensive Warranty, a 7-year/100,000 Limited Powertrain Warranty and 7-year/100,000-mile 24-Hour Roadside Assistance. These assurances and warranties are not available via most private sellers.

An added benefit that budget-minded car shoppers will discover when they opt for Toyota Certified Used vehicles is new-car financing rates at participating dealerships. Available [finance options](#) at the dealership and accepted trade-ins make Toyota Certified Used vehicles a more affordable option for many Bangor-area car shoppers who choose Downeast Toyota.
